EXPERIENCE

[Cadillac Fairview Corporation \(~\\$35B AUM\)](#)

Toronto, ON

Analyst, Capital Markets Strategy and Portfolio Risk

April 2022 – January 2024

- Led end-to-end strategic planning for the retail and industrial portfolios, developed financial models to assess leasing and construction trends; Integrated leasing models and sustainability solutions to forecast portfolio return
- Collaborated with the investments team to identify opportunities for divestments and asset-level viability studies
- Prepared quarterly macro environment memos and monthly ESG newsletters used for executive decision making
- Led CF's Canadian ESG benchmarking study, secured stakeholder buy-in for recommended changes to CF's external reporting and led the revamp to the new SASB and updated GRI sustainability standards
- Developed and implemented Cadillac Fairview's Enterprise Risk Management (ERM) program, aligning with long term strategic initiatives; Created a risk monitoring tool that flagged emerging risks across 32 metrics and subsequently used in quarterly executive meetings and board presentations

[Royal Embassy Hospitality](#)

Rajasthan, India

External Consultant

August 2021 – February 2022

- Spearheaded restructuring of Royal Embassy Hotel during COVID-19, turned around profitability and viability of the asset from recurring losses to 13% net margins through methodical execution of strategic initiatives
- Added high quality recurring revenue (from ~5% to 45% share) by executing outbound lead generation strategy with a unique SME pricing model for corporate clients, allowing for advanced revenue and occupancy visibility
- Improved cash flow by renegotiating debt covenants and enhancing supply chain relationships, increasing working capital limits and extending payment terms to maximize financial flexibility
- Uniquely positioned the business by investing in fixed asset upgrades and launched a third-party training program for hospitality staff, thereby significantly improving customer experience during COVID-19
- Used Microsoft Excel to completely redesign financial reporting of the IS and BS to optimize stakeholder readability and strategy execution; Additionally designed templates for weekly & monthly management reports
- Became the city's first hotel to reach pre-covid occupancy of 74%, improved debt/EBITDA from 12x to 5x and reduced staff turnover from 40% to 18%

British Columbia Investments (~\$230B AUM)

Victoria, BC

Contract Analyst, Global Thematic Equity Portfolio (~\$6B AUM)

January 2020 – June 2021

- Investment research directly supported deployment of ~\$450 million across stocks in US, India and SEA
- Launched portfolio coverage on companies in the Ag-chemicals, E-commerce and IT services industries:
 - Combined top-down approach to company selection focused on theme, industry and macro analysis with bottom-up approach to evaluating company quality
 - Used Bloomberg, sell side and expert networks to understand fundamentals such as market dynamics, business strategy, financial profile, competitive advantages, capital allocation and management execution track record
 - Built financial models to translate long-term views into intrinsic value estimates for portfolio allocation
 - Presented research memos to the Investment Committee of managers across all BCI public market portfolios
 - Continued coverage of investments and their respective global competitors, improved tactical asset allocation
- Built dashboard to identify gaps in portfolio exposure, studying internal and external thematic research to support new theme ideation; narrowed the broad investment universe and presented 8 suitable emerging themes
- Pitched and built out the E-merging Billions theme coverage, providing unique portfolio exposure to the emerging markets' middle class; Specifically launched coverage on emerging markets consumer retail

Mobiliya Technologies

Vancouver, BC

Summer Intern, Sales and Partner Management

June 2018 – August 2018

- Conducted extensive market research and segmentation on leading companies in North American Finance, Technology and Heavy Industries to pitch Mobiliya's proprietary AI and IoT solutions
- Generated list of 43 target companies, used a targeted outreach approach and helped convert two large Canadian financial leads (>10,000 employees) into major customers for the global sales team

BNP Paribas

Singapore

Summer Intern, ECM Investment Banking

May 2017 – August 2017

- Worked on several Indian and Indonesian deals valued between \$300 million and \$1.3 billion including \$1.3 billion IPO of SBI Life Insurance
- Extensively used Bloomberg to create indicative term sheets, stock charts, summarize analyst recommendations, precedent transactions and market updates to clients using Microsoft PowerPoint and Excel
- Coordinated and tracked global sales and investor roadshows with detailed reports of investor feedback

PROJECTS

SayEBITDAH.com (In production)

April 2024 – Present

- Rethinking financial education by transforming my own 1,500+ pages of CFA material notes into an accessible and engaging online learning platform with dynamic content and interactive tools
- Crafting a library of clear and coherent essays that demystify complex financial concepts, bridging the gap between academic theory and practical understanding of finance
- Leveraging personal experience in multiple finance roles to empower aspiring finance professionals, fueled by a passion for making high-level financial knowledge inclusive, approachable and relatable
